

OBJECTIVE

Skilled in server-side programming and backend technologies including Node.js, Express and MongoDB. Also proficient in front-end technologies such as HTML, CSS, React and JavaScript. Certified by Infosys, Microsoft and committed to continuous learning and growth.

EDUCATION

**R.V.S COLLEGE OF ARTS
AND SCIENCE, SULUR.**
BHARATHIYAR UNIVERSITY
MSc COMPUTER SCIENCE
2023-2025
CGPA – 8.9

**ST. JOSEPH'S COLLEGE
TRICHY.**
BHARATHIDASAN UNIVERSITY
BSc COMPUTER SCIENCE
2020-2023
CGPA – 7.8

**LITTLE FLOWER HR. SEC.
SCHOOL, KUMBAKONAM.**
STATE BOARD
HSC
2019-2020

EXPERIENCE

Full Stack Development Intern - Capchek

(Remote | Feb 2025 – April 2025)

- Built a full-stack Survey Form web app using React, Node.js, Express, and PostgreSQL, allowing dynamic survey creation and real-time data storage
- Created a responsive “Capchek Launching Soon” landing page using React and Tailwind CSS to support the product’s pre-launch marketing campaign.

PROFESSIONAL CREDENTIALS

- **Infosys Certification in JavaScript**
 - Achieved certification demonstrating proficiency in JavaScript programming.
 - Validates skills in JavaScript syntax, functionality, and best practices for building dynamic and interactive web applications
- **Microsoft Certification in Azure**
 - Earned certification demonstrating expertise in Microsoft Azure cloud services.
 - Validates skills in deploying, managing, and configuring cloud resources and services on Azure, along with knowledge of best practices and security

TECHNICAL EXPOSURE

- I attended and was certified in an Infosys training program focused on soft skills and aptitude.
- Attended a training program in full stack web development, specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Attended a live workshop focused on Node.js and gained hands-on experience with Node.js for building server-side applications.

PROJECTS UNDERTAKEN

TOPIC: Clone of Partake Website

DESCRIPTION: This project is a front-end clone of the Partake website using HTML and CSS, replicating its layout and key sections. It focuses on web structure and styling, excluding JavaScript and backend features.

TECHNOLOGIES USED: HTML AND CSS.

TOPIC: Personal Portfolio

DESCRIPTION: The portfolio highlights my work, achievements, and expertise, providing a comprehensive view of my abilities and professional growth.

TECHNOLOGIES USED: HTML, CSS AND JAVASCRIPT.

TOPIC: Clone of Red tape

DESCRIPTION: This project is a front-end clone of the Red Tape website using HTML, CSS, and Bootstrap. It replicates the design, layout, and key features while focusing on responsiveness and enhancing web development skills.

TECHNOLOGIES USED: HTML, CSS and BOOTSTRAP.

TOPIC: Simulated Bank Project

DESCRIPTION: This project involved creating and managing virtual banking scenarios to showcase problem-solving skills and understanding of financial principles.

TECHNOLOGIES USED: HTML, CSS AND REACT.Js.

TOPIC: Cloning E-Commerce Platform Inspired by Amazon

DESCRIPTION: Incorporating product listings, user authentication, and payment processing to simulate a real-world shopping experience.

TECHNOLOGIES USED: HTML, CSS, MERN STACK.

TOPIC: Blog Application

DESCRIPTION: This MERN-based full-stack Blog Application, built with HTML and CSS, allows users to manage blog posts with authentication and responsive design, enhancing web development skills.

TECHNOLOGIES USED: HTML, CSS and MERN STACK.

TOPIC: Interactive 3D Portfolio

DESCRIPTION: A dynamic and interactive portfolio that showcases creative projects with immersive 3D visuals, smooth animations, and seamless navigation.

TECHNOLOGIES USED: HTML, REACT, TAILWIND CSS.

TECHNICAL SKILLS

Programming Languages: HTML5, CSS3, JavaScript.

Front-end Frameworks / Libraries: React.js.

Responsive Design: Figma, Bootstrap, Tailwind CSS.

Developer Tools: Git, VS code, Postman API.

Back-end Development: Node.js, MongoDB, Express.js.
